Why Bamboo Refresh

A Cleaner, healthier Sleep

The Bamboo Refresh range comes with anti-microbial properties which give it a level of resistance to bacteria such as dust mites. This helps keep your mattress cleaner and healthier whilst you sleep.

Moisture Absorption

Bamboo absorbs moisture, leading to a cooler, drier night's sleep that can help you feel more refreshed.

Hypoallergenic

Have allergies? No problem. Our Bamboo infused range is anti-allergic and hygienic to help you have a comfortable, refreshing sleep.

The Right Temperature

Our Bamboo infused Memory Foam helps to regulate temperature, meaning your mattress doesn't get 'too hot' or 'too cold'.
